SCHEME OF COMMUNITY DEVELOPMENT THROUGH POLYTECHNICS

Chapter I BACKGROUND

India is a vast country with a population of over 130 crores. About 68% of India's population is rural and lives in over six lakh forty thousand villages. Its demographic profile is such that the average age of the population is 29 years and about 58% of its population is below 30 years.

India has made progress in several spheres. It is the world's fifth-largest economy. Over the last few decades, it has greatly expanded its infrastructure, transportation systems, communication systems, agricultural and horticultural production, health and education facilities, etc. India is now largely self-sufficient in food grain production and has achieved high targets in milk, fruit and vegetable production. It has become an IT superpower and has also been a pioneer in space and communication technology.

Notwithstanding these strides towards development, there is a visible difference between rural and urban, rich and poor, highly educated and lesser educated, which indicates uneven economic growth and regional imbalance. While some people, particularly those living in urban areas, have access to better education and professional training, the vast majority of those living in rural areas and slums are less educated and hardly undergo any technical, professional and vocational training. In terms of career options, such lesser educated and unprivileged people tend to work in the low paid unorganized sector. The productivity of such persons works out to be small in comparison to the persons employed in the organized sector. In our country's increasingly competitive economic environment, the unorganized sector, which is so important for the country's growing economy, needs to increase the productivity of its manpower. There is, therefore, a need to train a large number of persons every year through a countrywide network of skill development institutions. Such vocational skill training should attract beneficiaries from all cross-sections of the society with special emphasis on SCs/STs, OBCs, women, school dropouts, minorities, physically disabled, economically weaker sections of the society and other underprivileged persons.

Technical and Vocational Education and Training are a part of the education system in India. Under the formal education system, there is a network of almost 3 lakh Secondary and Higher Secondary schools. In addition, there are over 3500 polytechnics and more than 14000 Industrial Training institutes. The polytechnics which focus on applied skills training, exhibit the potential to provide vocational skill training to youths through their existing infrastructure/ facilities and by establishing extension centres. These institutions can also render useful services in the transfer of various technologies and can provide technical and support services for the vocational and skill training of the people.

The Hon'ble Prime Minister Shri Narendra Modi in his vision to promote skill development with the 3S model elaborated the concept of Skill, Scale and Speed. A new dimension under the skill development

mission was added in the year 2015 by the creation of the Ministry of Skill Development and Entrepreneurship (MSDE) to cater to the needs of vocational education and skill development.

In order to cater to these needs of the unskilled youth and the school dropouts among rural youth and women, a Scheme called 'Community Polytechnics' was run by the Ministry of Education (erstwhile Ministry of Human Resource Development) through Polytechnic colleges. It catered to vocational education and skill training for self-employment as well as wage employment and promoted sustainable socio-economic development through appropriate intervention.

With the launch of the National Skill Development Mission (NSDM), this Scheme became a component of 'Sub mission on Polytechnics' and was renamed as 'Community Development through Polytechnics'. Subsequently in order to have convergence of Central Skill Development Schemes/ Programmes under one Ministry, it was transferred to the MSDE in July 2017 and termed as 'Scheme of Polytechnics'.

The rationale for choosing the Polytechnics for the implementation of the Scheme of Community Development is that these institutes have the following type of resources:

- i. These institutes are equipped with physical infrastructure in the form of buildings, lecture halls, laboratories, workshops, hostels, etc. which could be used as Knowledge and Skill Centers for the rural community and slums dwellers.
- ii. These institutes have qualified and trained faculty who can formulate, implement and monitor community-oriented programs and projects.
- iii. These institutes have technicians and craftsmen whose services can be used for imparting skill training and the adoption of appropriate technologies.
- iv. Students of these institutes could be of tremendous help in making a meaningful contribution to community and rural development. The students may be engaged in various projects to solve the problems of the people along with the teachers as guides in an action research project.

Polytechnics can therefore render vital assistance in community development by working as a knowledge resource centre. They can do this partly by utilizing their own resources and partly by mobilizing the resources available at nearby industries and skill training institutes. These institutes can also play a vital role in achieving the goals of sustainable development as well the demands of Industrial Revolution 4.0 by creating a group of skilled manpower in the promotion of green and renewable technologies as well as upcoming new technologies.

Chapter II

OBJECTIVES OF THE SCHEME

The main objectives of the scheme are:

- 2.1 To carry out Need Assessment Surveys through Polytechnics, NSTIs and ITIs to assess the technology and training needs as per local as well as the global job market and industrial needs
- 2.2 To map the traditional master craftsmen and evolve certification mechanisms for Recognition of Prior Learning (RPL)
- 2.3 To integrate traditional craftsmanship with modern technology, with creativity and innovation
- 2.4 To impart Skill Development Training to the intended target groups through Polytechnics, their extension centres, NSTIs and ITIs.
- 2.5 To transfer Technologies for enhancement of productivity and better quality of life
- 2.6 To transfer skills and technologies to meet the targets of Sustainable Development Goals and technologies and skills required for meeting the needs of Industrial Revolution 4.0
- 2.7 To provide Technical Services and Support Services to rural masses and slums dwellers.
- 2.8 To create Awareness among the target groups about technological advancement and contemporary issues of development.

Chapter III

ACTIVITIES UNDER THE SCHEME OF COMMUNITY DEVELOPMENT THROUGH POLYTECHNICS

3.1 Following are the major activities identified under the Scheme of Community Development through Polytechnics:

- i. Need Assessment Surveys
- ii. Mapping of Traditional as well as Modern Craftsmen and Crafts women
- iii. Skill Development Training Programmes;
- iv. Transfer and Promotion of Appropriate Technologies;
- v. Application of Modern Technologies for Rural Development
- vi. Technical Guidance and Support Services;
- vii. Dissemination of Information and Awareness Programmes.
- viii. Integrating NSQF for qualification upgradation of the rural youth

3.1.1 Need Assessment Survey:

- i. The identified Polytechnics/NSTIs/ITIs shall conduct the Need Assessment Surveys of the area selected for activities prescribed under the scheme. Such surveys should lead to the determination of the felt needs and identification of the direction in which the rural development efforts are likely to bring quicker results.

Mapping of Traditional Craftsmen/Artisans: Each of the selected institutes should map the traditional craftsmen and craftswomen from the region who have either inherited such skills from their ancestors or have developed expertise in various vocations. The traditional arts and crafts, pottery, metal works, wooden work, traditional housing and building construction experts and expert mechanics need to be identified.

Mapping of the Local Industries: All local industries including village and cottage industries of medium and small sizes working at the district level may be identified, so that some of the manpower may be given tailor-made training suiting the local industries.

- ii. Based on the outcomes of these surveys, the identified institutes should prepare a detailed time-bound “*Annual Operational Plan*” indicating therein, objectives, targets to be accomplished in measurable terms, resource needs, implementation processes, complete time schedule for each activity to attain the set objectives and monitoring and evaluation mechanism. The detailed plan (Micro-Plan) should also identify clearly the responsibilities and functions of all such governmental, non-governmental agencies, and grass-root agencies like village cooperatives, etc whose involvement is considered necessary.

A suggestive list of Need Assessment Surveys to be conducted is given in **Annexure-A**. However, each identified institution may carry out various surveys at their own level looking into local requirements.

3.1.2 Skill Development Training Programmes:

In order to develop unemployed rural and urban youth for self and wage employment, the training must be need-based and should provide employable/ self-employable skills. The purpose of skill development is to create skilled and knowledge-based manpower by empowering them technically so that they can earn a sustainable livelihood. All training programs should be well-designed, keeping in view the market requirements for various trades. Short-term non-formal as well as formal modular courses of 3-6 months duration (minimum 300 hours), depending on the local needs and commensurate with the available local resources with proper structures, and having the desired flexibility to pave the way for self-paced open learning mode (OLM), should be offered. Depending upon local circumstances in some cases, multi-skill training may be offered to make self-employment viable in the rural economy. In some of the trades, advance skill courses for 3 to 6 months duration may be designed and offered as per the interest of trainees or as per the demands of local companies/industries/markets.

Objectives of Skill Development Training Programmes:

- i. Providing basic skills, knowledge and attitudes for self/wage employment to intended beneficiaries in their own villages/communities or nearby areas.
- ii. Imparting entrepreneurial skills for initiating micro/ small enterprises, especially for the rural youth and community.
- iii. Offering skill up-gradation programs in their own fields, or for the adoption of appropriate technologies for enhancing their employment prospects.
- iv. Identifying and conducting special skill training programs for Women, SCs/STs, OBCs, minorities, school dropouts, street children, physically handicapped, economically weaker sections of society and other underprivileged persons.
- v. Special training programs on health and hygiene, sanitation and mechanization of sanitary services.

Salient features of Skill Development and Training:

- i. The skill development programmes chosen for training shall be based on the need assessment survey and felt need of the locality.
- ii. Each identified Polytechnic/NSTI/ITI should conduct a survey for identification of priority needs for skill training programs of a cluster of 10 to 20 villages every year covering each development blocks of the district. DRDA, NGOs, Voluntary Agencies, Village Panchayats and retired teachers, engineers and other reputed persons should be involved in the process.

- iii. The skill programs offered should be flexible and non-formal with open access to all, without any precondition of age, sex and educational qualification.
- iv. The identified institution should target the poor and deprived sections of society in both urban and rural areas specifically women, SCs/STs, OBCs, minorities, school dropouts, street children, physically handicapped, economically weaker sections of the society and other under-privileged persons.
- v. To facilitate self-employment in the service sector, emphasis should be on multi-skill training, while for employment in production centres, training may be given either on specialized designated skills or multi-trade skills depending on needs and requirements.
- vi. Possibility of sharing of infrastructural /skill resources available with different institutions/ organizations/agencies may be explored.
- vii. The infrastructure available in Polytechnics/NSTIs/ITIs/Vocational Schools/Colleges/ Technical Institutions wherever available may be utilized for the skill development training programs.
- viii. The identified Institutions should develop a proper feedback mechanism to know the post-training status of the trainees specifically with regard to their getting self/wage employment.

A suggestive list of skill programs is given in Annexure-B1, B2 and B3. A special thrust may be given by institutes to NSQF compliant course. However, each identified institution may identify at its own level the need-based skill training programs.

3.1.3 Dissemination and Application of Appropriate Technologies:

A large number of technologies have been developed by various research institutions and laboratories in the form of appropriate technologies. The benefits of these technologies are to be disseminated to the rural population. The CDTP Scheme would also focus on the issues of poverty, unemployment, environmental protection, water and sanitation, climate change and disaster management. As per the requirement, it will try to empower the local people so that they can mitigate the challenges of climate change and possible natural hazards or disaster occurring in various regions of the country. It will help in the mitigation of the disaster by creating awareness and providing training for better preparedness and long-term measures for natural resources protection. It is in this context that the identified Institutions need to play a very significant role in this important task. This may be done by:

- i. Collecting details of all available appropriate technologies from various agencies and organizations engaged in research and development of appropriate technologies through District Skill Committees in respective State/UT and adapting them to suit local conditions with regular feedback from Extension Centres and disseminating, through field demonstrations, these technologies in villages and thus helping villagers to appreciate and adopt technological innovations. The technologies may be further modified as per local needs and then may be transferred through people's participation.

- ii. Creating awareness among the villagers about the advancements made in the field of Science and Technology and educating, training and motivating them in acquiring skills required to use these techniques and also technologies in the field of Rural Water Supply, Sanitation, Shelter, Habitat, Communication, Transportation, Agriculture, Agro-based food technology and Non-conventional Sources of Energy for the rural areas, Construction and Service Sector, Environmental Protection, Climate Change and Disaster Management, Health and Hygiene etc.
- iii. Helping the villagers through technical support services, to install, maintain and sustain appropriate technologies like agriculture implements, energy devices, rural water and sanitation-based technologies, rainwater harvesting structures, rural housing, suitable local transportation and sustainable agriculture.
- iv. Developing innovative strategies for the mass involvement of rural people for transfer and to sustain technologies.
- v. Assisting in the establishment of display cum demonstration centres in the villages, so that awareness about the appropriate technologies, in rural areas can be created.
- vi. Introducing modern gadgets and machinery for generating employment in rural areas.

A suggestive list for the Dissemination and Application of Appropriate Technologies in rural areas and community is given in **Annexure-C**. However, each identified Institution may also identify the technologies suitable for the local community as per the need.

3.1.4 Technical and Support Services:

In rural areas, a large number of machinery and equipment are being used in the farm and non-farm sectors. For their sustained working, proper repair and maintenance services are to be provided. The identified Polytechnics/ITI/NSTI should help the villagers and other agencies to take up this work by organizing:

- i. Minor repairs of the equipment through Extension Centres and also at the site.
- ii. Service centres to serve a cluster of villages.
- iii. Promotion of service centres and repair shops to be set up by villagers or passed out trainees themselves
- iv. Technical service camps in villages at regular intervals
- v. Extending consultancy services at the village level through trained manpower.

A suggestive list of Technical and Support Services is given in **Annexure-D**. It can be changed according to local needs. Participatory approach at the grass-root level should be ensured.

3.1.5 Awareness Programmes:

Assimilation and dissemination of information on rural development is another important activity. Information, Education and Communication (IEC) plays a vital role in changing the attitude of

villagers toward adopting better lifestyle and technologies. This can be done through the publication and distribution of Technical literature containing information useful to the rural people. For this purpose, all communication media such as leaflets, brochures, filmstrips, video films and other audio-visual aids are to be used. To promote these activities some of the approaches, which are to be adopted are as follows:

- i. Dissemination of Information to end-users and others may be made through various media. The modern as well as folk media (like puppet show, nukkad-natak and nautanki etc.) should be effectively used for awareness among the masses.
- ii. Providing information through exhibitions at village Extension Centres.
- iii. Organizing Youth Clubs, Mahila Mandal, Farmers' Clubs, Village Panchayats Platform etc.
- iv. Organizing special exhibitions, community workshops, group discussions, seminars, etc. in villages.
- v. Using mass media like films, print media, radio and television networks etc.
- vi. Use of Social Media and Websites, WhatsApp, Twitter etc
- vii. Organizing technical camps, demonstration camps, mobile exhibitions etc.
- viii. Putting up hoardings and display boards at appropriate public places.
- ix. Releasing advertisements on regular basis.

A suggestive list of Awareness Programmes is given in **Annexure-E**. However, each Institution may identify awareness programmes at their own level. It can be changed according to the local needs. A participatory approach at the grass-root level should be assured.

Chapter IV EXTENSION CENTRES

- 4.1 In order to impart skill training and accomplish ground-level physical delivery of new technologies at the doorsteps of the rural people, each identified institution may establish upto 8 Extension Centres in the nodal villages so that each centre covers at least a cluster of 10-20 villages in its vicinity. These centres will act as an extended arm and will provide skill training, repair and maintenance services and common facility for group enterprises, information sharing and hiring technical facilities of the institute under the scheme. NGOs, voluntary organizations, professional experts, village agencies, village panchayats/panchayat samitis, Senior Secondary School, Vocational Schools etc. should be involved in the establishment of Extension Centres.
- 4.2 Extension Centres shall be set up after obtaining approval from the concerned District Skill Committee.
- 4.3 The State Government, District Rural Development Agency, Village Panchayat or Philanthropists, Voluntary agencies may provide land/buildings for these centres and may extend facilities for strengthening extension activities. If required, low-cost training sheds may be constructed for Extension Centres.
- 4.4 Each identified Polytechnic shall also set up a Main Centre in its premises to undertake various activities of the Scheme of Community Development. All activities such as, Skill Development Training Programs, dissemination of Appropriate Technologies, Technical and Support Services, and Awareness Programmes about technological advancement and contemporary issues of importance are to be done through Extension Centres and the Main Centre.
- 4.5 Community Development Extension Centres/ NSTIs/ ITIs should be utilized for training and providing technical and support services to serve the community at large with a cluster approach.
- 4.6 Service Centres and repair shops, the establishment of repair units for the repair of rural machinery/equipment by the passed-out trainees, etc. at the site shall be promoted through Community Development Extension Centres.
- 4.7 Community Development Extension Centres shall be shifted from time to time from one area to another depending on the needs and priorities of the villages within the vicinity of the Identified Institution.
- 4.8 Trainers may be identified from amongst the village youth (including teachers from the local schools, ITIs, vocational schools and industries). Their training should be conducted through extension centres in the village so that they could teach and train rural youth/women in the same environment where they have working experiences.
- 4.9 All facilities existing in the institutions available in the rural areas such as ITIs, Vocational Schools, Industries, etc. shall be used to the maximum possible extent.
- 4.10 NGOs, Voluntary Agencies, Panchayats, professionals and experts etc. are to be involved in the establishment of Extension Centres and their full cooperation is to be ensured in running the Extension Centres through community participation.

Chapter V IMPLEMENTATION MECHANISM

5.1 Identification of Polytechnics/ITIs/NSTIs and Commitment from the State Governments:

A total of 518 polytechnics from various States/UTs have already been identified by MoE (formerly MHRD). List of Polytechnics is at Annexure-F-1. Further, a suggestive list of Polytechnics in Aspirational, Border and High out-migration districts is placed at Annexure F-2. A special thrust may be given by the States to implement CDP scheme in these Polytechnics. The following process should be followed while inviting proposals for participating in the Scheme and selecting the institutions:

5.1.1 Eligibility for participating in the Scheme:

Whenever it is decided to extend this scheme to more polytechnics, proposals from the interested Polytechnics, NSTIs & ITIs are to be invited. Before a Polytechnic decides to participate in the scheme, the matter needs to be thoroughly discussed within the Polytechnic/ITI/NSTI considering various aspects including the capacity and capability of the Institute, usefulness of the scheme to the Institute and the community and also the willingness of the management, faculty, staff and students to implement the scheme in its true spirit. While selecting Institutions under the scheme, priority should be given to the Institutes in the North Eastern States, border and hilly areas, Naxalite area, BPL and backward or aspirational districts or regions with SCs/STs and minority concentration.

5.1.2 Inviting Proposals for the Scheme:

Polytechnics/ITIs willing and capable to implement the scheme submit the proposal to the Directorate of Technical Education/Vocational Education of the concerned State/UT and NSTIs shall submit the proposal to the concerned RDSDE.

5.1.3 Committee for Identification of Polytechnics, NSTIs & ITIs:

A Committee comprising of the following shall be constituted to scrutinize the requests from different states/UTs and identify suitable institutes for implementing the scheme:

1. Principal Secretary of concerned State/UT : Chairman
2. Divisional Head, MSDE, GOI, dealing with the Scheme : Member-Secretary
3. Regional Director of concerned RDSDE, DGT : Member
4. Director, Technical Education of the concerned State/UT : Member
5. Representative of Rural Development Department not below the rank of Deputy Director : Member
6. A Person of Repute : Member
(Academician/industrialist/ social activist/ person well-versed with the Community Development Scheme)

The above Committee shall meet and identify Polytechnic/ITI/NSTI for implementing the Scheme of Community Development through Polytechnics. This Committee may consider

performance of the selected institutes in implementing other centrally sponsored scheme(s) while taking final decision regarding identification of suitable institutes under the scheme.

The recommendations of the Committee shall be forwarded to DDG, DGT, New Delhi.

5.1.4 Commitment from the State Government/UT Administration:

This centrally sponsored scheme cannot be implemented successfully without the support, cooperation and commitment of State Govts/UTs administration. Each State/UT shall be required to be associated with the implementation and monitoring of the scheme. The State Govt/UT administration shall make a commitment with regard to the following:

- i. Each State/UT shall adhere to/comply with the instructions regarding releases under the Centrally Sponsored Scheme issued by the Ministry of Finance from time to time.
- ii. Each State/UT shall help in the identification of suitable polytechnics/ITIs/ NSTIs for implementing the scheme.
- iii. Each State/UT shall cooperate in the expeditious disposal of files pertaining to purchases. The purchase of equipment may be done as per Central Government rules under GFR. All purchases should be made through GeM portal. Items not available on GeM may be purchased as per procedure for such purchases.
- iv. Each State/UT shall be responsible for getting the Utilization Certificates (UCs), Statements of Accounts (SOAs) and Physical Achievement Reports (PARs) from concerned institutes.
- v. Each State/UT shall instruct the identified Institutes to spare manpower for discharging scheme-related responsibilities.
- vi. Issue of Identity Cards to Trainees: Each of the institute's principal should issue an Identity Card to each of the trainees during the training programme for six months. If any student is coming from a far place, he/she may be facilitated with the required documents/letters so that he/she can get the bus pass by the Transport Department of the state government/UT administration.

5.2 Initiation:

The institute(s) selected for implementing the scheme shall constitute a core group comprising the Principal, HODs, Project Co-Ordinator and support staff. The core group members shall look into the aspects of (i) Micro Planning (ii) Rapport building (iii) Selection of rural projects (iv) Technology dissemination and application, (v) Organization of non-formal skill training programmes, (vi) Promotion of self-employment, (vii) Management of the CDTP scheme etc.

5.3 Planning:

In the planning phase, the Polytechnics, NSTIs & ITIs should identify villages to be served and develop rapport to elicit people's participation.

- i. Conduct need assessment surveys to identify the needs of the area relevant to various activities under the CDTP scheme and develop a Micro-Plan of the area.
- ii. Prepare an Annual Operational Plan spelling out quarterly targets (identify training programmes and Extension Centres, identify technologies and their adoption mechanism, identify need for organizing support services camps), strategies for implementation, resources and budget requirements.

5.4 Implementation:

- i. Popularize the scheme through print and non-print media.
- ii. Organize the resources like human, physical and financial resources for carrying out the identified activities.
- iii. Establish village-level Skill Training Centres named Extension Centres which should be opened to serve a cluster of 10 to 15 villages nearby and can act as extension arms of the identified Institutions.
- iv. Implement the identified activities, using available resources.
- v. Forge linkages with Village Panchayats, DRDA, KVKs, KVIC, NGOs, voluntary organizations and other developmental agencies working at the local level.
- vi. Identify problems, which need the intervention of other outside agencies and NGOs. Such problems should be tackled in collaboration with other agencies e.g. organizing health camps for women, children etc. in collaboration with Health Department.

5.5 Annual Operational Plan:

- i. Identified institutes will implement the Scheme only on the basis of the Annual Operational Plan (AOP) approved by the concerned RDSDE.
- ii. Any change in the operational plan during the year should only be done after taking prior approval the RDSDE.
- iii. Before starting skill training programmes, the identified institutions should give wide publicity to the activities being started under the scheme at Main and Extension Centres through displaying banners, distributing pamphlets and also advertisements in the local newspapers, Facebook, Twitter etc. The pamphlets and printed matter may be widely circulated through District Information Officer, Block Development Officer, Village Panchayat, Post Offices, Banks, ITIs, local schools, etc.
- iv. Each identified institute should hold a yearly "**Community Mela**" at the Main Centre or one of the Extension Centres inviting trainees, beneficiaries, stakeholders, officials of Village Panchayats and Zila Parishad, DRDA, KVIC, KVK, NGOs, ITIs, nearby Schools and eminent personalities of the locality and local people. The identified institute through this Community Mela, will reflect their activities, programmes and achievements made during the year under the scheme and in turn, create awareness

among the community about the benefits of the scheme. This yearly Mela should be considered one of the important activities of the scheme.

5.6 Targets:

The identified institutes shall undertake all the activities envisaged under the scheme. The annual physical targets to be achieved under various activities of the scheme are given below:

No.	Activities	Target
1.	Need Assessment Survey and mapping of local artisans and local industries	<ul style="list-style-type: none"> i. Conduct need assessment survey in villages every year taking villages from different blocks. ii. Develop a database for the local industries including village cottage industries in the district. iii. Build up a database of the rural artisans, craftsmen and expert technicians of various vocations and Recognize their prior learning after necessary improvement by upgrading their skills.
2.	Skill Development Training Programs	Conduct need-based skill development training programmes for an average of 200 persons per annum.
3.	Application of Appropriate Technologies	2 Nos. of demonstrations annually with minimum 20 beneficiaries in each. All Technologies must be disseminated and transferred through Main/Extension Centres with cluster approach.
4.	Technical and Support Services	Minimum 5 Technical and Support Services Camp per annum per Polytechnic.
5.	Awareness Generation	<ul style="list-style-type: none"> i. Annual Community Mela - at least one ii. Awareness through Mass Media / Social Media like Facebook, Twitter iii. Radio/TV/FM Channel Talks iv. Exhibition sponsored by DST/Govt/ NGOs v. Advertisement in local newspapers – minimum twice a year. vi. Banners/Hoarding in cities.

The specific targets for each Polytechnic/ITI/NSTI will be laid out in Annual Operational Plans keeping in mind the local needs of the surrounding community and other relevant factors. While submitting progress reports and Utilization Certificates, the institute will mention the progress with reference to the target laid down as well as give cogent reasons for shortfalls, if any and remedial action proposed.

5.7 Involvement of the Whole Institution in the Scheme:

The identified institute with a team of faculty and students should join together to solve practical problems of the rural people. By involving the Institute as a whole for the development of the rural

areas on scientific lines can help in raising the technical skills and capabilities of the rural people to earn their sustainable livelihood. This will help in bringing the institutes closer to society and consequently raising their social image and utility. Students of the identified institutes may also be encouraged to get involved in solving the live problems of the rural community wherein technical intervention is needed. For this purpose, small groups of students may be taken on the field visit once in a month to the Extension Centres so that they may participate, closely interact and understand the problems of the rural community. The suggestions to improve the training programs may also be invited from these groups of students. The group of students can also be given to develop some device or project for the benefit of rural people /slum dwellers.

Chapter VI
FINANCIAL NORMS & GUIDELINES

6.1 This is a Direct Central Assistance Scheme under which, a provision has been made to provide Recurring grant to the maximum of Rs. 19.72 lakhs per annum by the Ministry of Skill Development and Entrepreneurship to the State/UT Government for further release to Principals/Directors of the Polytechnics/NSTIs/ITIs selected for implementation of the Scheme of Community Development through Polytechnics.

6.2 The heads under which Recurring Grant is to be utilized are as under:

S No.	Items	Amount (Rs. in Lakh)																												
1.	Total Honorarium Bill including functionaries engaged at Extension Centres (All staff other than the polytechnic staff, will be engaged purely on a contractual basis under the project) as per details given below:	14.00

5.	Trainers (* preferably Retired persons as per need and available expertise)	*	100/- per hour (subject to max. 6,000/- p.m.)																											

	<p>On Contract Basis **</p> <p>1. Community Development Consultant 01 20,000/- per month</p> <p>2. Junior Consultant for Extension Centres 01 12,000/- per month</p> <p>3. Guest Trainers (preferably Retired persons as per actual requirement, upto 8 as per Approved Plan). Each extension centre to offer minimum of two trades . Up to 8 12,000/- per month</p> <p>Total up to a maximum of Rs. 14.00 lakh per annum.</p> <p>** The above cost to Govt. is inclusive of employees' & employer's share of Provident Fund as applicable, which may be deducted before making payment.</p>	
2.	Training Contingency shall include raw materials, consumables, rent of extension centre(s) premises, if required; water and electricity charges etc.)	2.00
3.	Technology Demonstration (Need Assessment Surveys, Transfer of Technology, Technical Services Camps; Exhibition; Lectures by Experts – Reputed Scientists, Environmentalists, Social Activities; Health Experts (Honorarium may be paid as per State Govt rules), Scheme related Final Year Diploma Students' Project Work; Fabrication of Rural Technology Items etc.	1.00
4.	Maintenance of equipment and infrastructure at Extension Centres @ Rs. 15,000/- per extension centre.	1.00
5.	Miscellaneous expenses includes hiring of vehicles / Travel Charges and other scheme related expenses, office contingencies (photocopying, photography, stationery, postage, insurance charges for tools & equipment, Advisory Committee/ Executive Committee meeting expenses, recurring expenses pertaining to maintenance of Web Portal, internet connectivity, uploading of CDTP scheme related information on concerned web portal/websites, annual audit fee etc.)	1.72
Total		19.72

Total Expenditure under Recurring Head is limited to Rs. 19.72 Lakhs

Note:

Employee's share of Provident fund shall be deducted from the consolidated remuneration and Employer's share shall be added to it. Thereafter, both Employee's and Employer's contribution shall be deposited by the polytechnic/institute with the concerned authorities.

- 6.3 While part-time staff should be drawn from the institutes implementing the Scheme of Community Development through Polytechnics, the contract staff preferably retired persons will be selected by the Committee comprising of concerned Regional Director, State Director & Principal of the concerned Institute.

- 6.4 The Contract Staff should be taken purely on a contract basis for a limited period for which a proper contract agreement should be executed between the project implementing institutions and the persons employed. A standardized contract format is given in **Annexure-G**. While executing an agreement with any contractual staff, the contents of the entire contract form (Annexure G) should be made essential part of the agreement. Getting contract documents executed in connection with the engagement of contractual staff under the Scheme shall be the sole responsibility of the Principal/Director of the Institute and the Director of Technical Education of the concerned State/UT.
- 6.5 The expenditure shown above in para 6.2 is at the maximum limit and the actual expenditure on each item should be limited to the bare minimum.
- 6.6 The honorarium paid to different categories of staff engaged on contract basis under the scheme shall not be lower than the minimum wages notified, if any, for the similar category of workers, in the order of State Governments/UT administration prevailing in the district concerned. To this extent, the amounts indicated above can be adjusted at the institute level without seeking any prior approval from this Ministry. However, the adjustment shall be within the overall financial ceiling for total honorarium bill indicated above. In case the remuneration of a particular category of project staff is enhanced as per the 'minimum wages' there would be a commensurate reduction in the number of personnel.
- 6.7 A person discharging responsibilities of more than one position under the institute / CDTP scheme shall be entitled to draw an honorarium of one position only i.e. higher position of responsibility.
- 6.8 Release of grants shall be based on the physical and financial performance of the project implementing institutions and also on the number of activities undertaken through the Main and other Extension Centres/Training Centres set up.
- 6.9 Principal/Director will be solely responsible for the implementation of CDTP scheme in the institute and he will ensure the rotation of the programmes in such a manner that contract staff is employed for conducting only one programme of six months' duration. Depending upon local needs, the same programme may be repeated after six months or a longer reasonable gap of time.
- 6.10 Each Polytechnic/Institute shall furnish the following documents to the concerned DTE/RDSDE:
- i) Utilization Certificate (UC) as per GFR 12(C) (**Annexure-H**) duly signed and stamped by the Authorized Auditor, and Principal/Director of the project implementing institution and duly counter-signed by competent State authority.
 - ii) Statement of Accounts (SOA) in the prescribed proforma (**Annexure-I**) in respect of grants-in-aid released under the scheme duly signed and stamped by the Authorized Auditor and Principal/Director of the project implementing institution.
 - iii) Physical Achievement Report (PAR) for the preceding year in the prescribed format (**Annexure-J**), giving the annual targets set for the Polytechnic, for each activity, as well as achievements with relation to the target duly signed by the Principal of the concerned institute certifying that targets mentioned in PAR are as per approved operational Plan.
- 6.11 DTEs after a thorough scrutiny of documents should furnish the complete proposals duly signed and stamped on UC, SOA and PAR to the concerned RD, RDSDE for approval and further transmission to this Ministry.

- 6.12 Any receipts under the scheme, such as IRG, bank interests and sale receipts etc., shall be taken into account under the Recurring Head of the grants-in-aid and shall be reflected in the UCs & SOAs. Such receipts, if any, and the unspent balance of the previous year will have to be dealt with in accordance with instructions issued from govt from time to time.
- 6.13 There is no provision for any kind of stipend for the trainees/beneficiaries under this scheme.
- 6.14 No Course Fee/Caution Money/Securities shall be charged from the trainees/ beneficiaries under any circumstances. The envisaged services under CDTP scheme shall be provided to all, free of cost.
- 6.15 A consolidated Yearly Report of the Physical and Financial Performance of the identified Institutes shall be furnished by DTEs/RDSDEs of their respective regions for further transmission to MSDE. The report shall be furnished in the month of April/May every year. The project implementing institutions need not send this Progress Report to MSDE, GOI unless the same is asked from them. These reports shall be considered for further release of Grants-in-aid to the project implementing institutions.
- 6.16 An Institute level Coordination Committee may be constituted for disposing off condemned vehicles, obsolete machines/unserviceable tools and equipment/furniture/wastes etc. Unsalable products produced by the students during practice sessions may also be referred to the above Committee for their disposal. Funds by auctioning of above mentioned goods shall be credited to the scheme's account under the recurring head.
- 6.17 In the case of project implementing institutions, which do not perform according to norms set under Guidelines, may be weeded out of the scheme. Matters related to any kind of financial irregularities or misutilization of government power and money in any of the institutes will be investigated in consultation with the concerned DTE/RDSDE and shall further recommend to DGT, MSDE for suspension/ weeding out the institutes from the scheme.
- 6.18 The purchase procedures of the central government will be followed and all major items may be purchased through Government e-Market Place (GeM). The other items (consumable or non-consumable) which are not available under the GeM may be procured as per government provisions.
- 6.19 There is no provision for the purchase of a vehicle under the scheme.
- 6.20 Facility of hiring of vehicles, provided to the project implementing institutions, should be used only for the activities defined under the Scheme for its effective implementation.

Chapter VII

MONITORING & EVALUATION

- 7.1 To ensure proper implementation of the Scheme of Community Development through Polytechnics, it shall be monitored at four different levels i.e.
- (i) Institute Level : Executive Committee
 - (ii) District Level : District Skill Committee
 - (iii) State Level : State Level Review Committee
 - (iv) Central Government Level (Ministry of Skill Development and Entrepreneurship, Govt. of India).

7.1.1 Institute Level

It shall be the duty of the Executive Committee of the project implementing institutions to ensure that the work is progressing as per the approved Annual Operational Plan. They shall analyze any deviation and take corrective action. The monitoring function of the committee would broadly be as under:

- i. Assess periodically the progress of the project for mid-course corrections, if needed.
- ii. Identify areas where the progress is below the target set, and take suitable corrective measures.
- iii. Discuss problems in implementation and find appropriate solutions to overcome them.
- iv. Prepare periodical progress reports for submissions.
- v. At least two meetings of Executive Committees shall **be held every year**.
- vi. Refer to the Advisory Committee at District Level the problems which are not within their purview or capacity to solve.

Composition of Executive Committee:

- | | |
|--|------------------|
| 1. Regional Director, RDSDE of concerned State | Chairman |
| 2. Principal/Director of the project implementing institution | Member |
| 3. Two Representatives of the Faculty (Head of Departments/Faculty Member) | Member |
| 4. Two Representatives of the Village Panchayat/Panchayat Samiti/Zila Parishad for the Extension Centres/ NGOs/ Retired Professional | Member |
| 5. One Principal/Director/Project Coordinator from another nearby project implementing institution | Member |
| 6. Project Coordinator of the project implementing institution | Member Secretary |

Note: Minutes of the Executive Committee should be recorded, maintained and sent to District Skill Committee at District Level.

7.1.2 District Level

The operationalization of activities to be carried out at project implementing institution level and Training Centres shall be under the overall guidance of the District Skill Committee entrusted with the following objectives:

- i. To function as need identifier which shall include both technological and training needs, required at the operational level.
- ii. To fix targets in respect of transferable and affordable technologies, training imparted including training of trainers and technology awareness.
- iii. To assess periodically the progress of activities/targets identified and suggest re-orientation or mid-course corrections wherever needed.
- iv. To involve village Panchayats, NGOs, retired professionals, social workers as well as other users and participating agencies at operational levels.
- v. To bring out to the notice of higher authorities, the problems which are not being solved and seek remedial measures.

Composition of District Skill Committee:

1.	District Collector/Deputy Commissioner/ Chief Executive Officer, DRDA/ SDM	Chairman
2.	Regional Director, RDSDE	Member
3.	A representative of State DTE	Member
4.	A representative of the Rural Development Department and NGO	Member
5.	A professional/reputed person actively involved in Community Development work	Member
6.	A representative of Social Organizations of Women/Social Welfare Department	Member
7.	One Principal of ITI/Vocational Schools/Polytechnic/NSTI	Member
8.	Representatives from Panchayats/Sarpanches from Training Centres (2 Nos.)	Member
9.	A representative of KVIC/KVK, Local Industry, Village Panchayat, NABARD/Lead Bank, etc. (As per requirement)	Member
10.	Principal/Director of project implementing institution	Member Secretary

Note: *A Meeting of the District Skill Committee should be held once in every six months and minutes of the meetings should be sent to the concerned State Level Review Committee.*

7.1.3 State Government Level:

State Level Review Committee shall be responsible for effective implementation and monitoring of the scheme at the State level by:

- i. Reviewing the Physical and Financial Progress of the project implementing institutions of the State concerned vis-a-vis their Operational Plan.
- ii. Analyzing strengths and weaknesses of the systems as a whole, particularly in areas where the intervention and the support of the Government are necessary.
- iii. Providing need-based administrative support for overcoming deficiencies with regard to the implementation of the scheme.

Composition of the State-Level Review Committee:

- | | | |
|----|---|----------|
| 1. | State Director of Technical Education or Nodal Officer | Chairman |
| 2. | Regional Director/Nodal Officer, RDSDE | Member |
| 3. | A representative from State Skill Mission | Member |
| 4. | Director Rural Development/Panchayati Raj or nominee | Member |
| 5. | A representative of NGOs/Voluntary Organization engaged in rural development/ KVIC/KVKs/Lead Banks (As per requirement) | Member |
| 6. | All Principals/Directors of institutions implementing the Scheme CDTP | Member |

Note: *The above composition of the State Level Review Committee is only illustrative in nature and each State will have the flexibility to alter the constitution according to its state needs. Each DTE should conduct at-least two meetings of the above Committee in a year.*

7.1.4 Central Level:

The overall successful implementation of the Scheme of Community Development through Polytechnics shall be the responsibility of MSDE, GoI. For this purpose, Ministry shall take every possible step to achieve the desired goals. So far as the policy matter and strategic planning in respect of implementation of the Scheme is concerned, the Ministry's view in the matter shall be considered as final.

Composition of Central Level Committee:

1.	Director General, DGT, MSDE, GOI	Chairman
2.	Deputy Director General, DGT, MSDE, GOI	Member
3.	Deputy Secretary dealing with the Scheme, DGT, MSDE, GOI	Member
4.	All Regional Directors, RDSDEs	Member

Minutes of Meeting shall be approved by Secretary, MSDE.

Chapter VIII

ROLES AND RESPONSIBILITIES OF VARIOUS PROJECT STAFF UNDER THE SCHEME OF COMMUNITY DEVELOPMENT THROUGH POLYTECHNICS

8.1 Principal/Director (Chief Project Coordinator) of the project implementing institutions:

Shall provide leadership to the core team and be involved in overall implementation, liaison, rapport building and monitoring of the scheme. His/her responsibilities include:

- i. Effective implementation of the scheme by conceptualizing the framework and objectives of the scheme.
- ii. Facilitation of various activities under the scheme.
- iii. Ensure the rotation of training programmes so that a gap of minimum of six months is maintained between two programmes of the same trade at a particular training centre.
- iv. Conducting Executive and Advisory Committee meetings.
- v. To review from time to time the activities of the scheme and to take appropriate measures to ensure effective implementation.
- vi. Management of funds and timely submission of Utilization Certificates, Statement of Accounts and Physical Achievement Reports to concerned DTE/RDSDE.
- vii. Facilitating project work by staff/students.

8.2 Project Coordinator:

- i. To provide effective leadership to the project team.
- ii. To plan activities under the scheme.
- iii. To identify suitable skill development programmes for the main centre and extension centres
- iv. To keep the Principal informed about the progress of various activities.
- v. To get physical and financial progress reports prepared from time to time.
- vi. To organize Advisory Committee and Executive Committee meetings from time to time.
- vii. To take decisions regarding identification and relocation of extension centres from time to time.
- viii. To liaison with DGT, MSDE, DTE and NGOs in connection with the scheme.
- ix. To take precautionary measures so as to avoid any possible litigation.

8.3 Community Development Consultant:

- i. Planning, organizing and supervising the activities of the scheme.
- ii. Coordination with various departments in the institution.
- iii. Identifying live projects to be taken by students/staff.
- iv. Review the work done by the different centres.
- v. Provide academic inputs, necessary support and guidance for different activities.
- vi. Implement the total annual operational plan.
- vii. Supervising fabrication and testing work.
- viii. Preparation of Periodic reports for concerned authorities.
- ix. Maintain data of pass out students.

Minimum Educational Qualifications prescribed for the post of Community Development Consultant:

Second-class Master's degree in Social Work/Rural Development/ Agriculture/ Agriculture Extension or any other branch of Social Sciences

Or

Second-class diploma in any branch of Engineering/Technology with 2 years' experience in Community Development/Rural Development related work.

8.4 Junior Consultant:

- i. Conducting survey regarding requirements of skill development programs and dissemination and transfer of affordable and appropriate technologies.
- ii. Acquainting the villagers with affordable technologies to be used by them.
- iii. Conducting awareness, orientation and demonstration camps in different areas for the villagers and slum dwellers.
- iv. Supervising the work of Trainers at the Training Centres/Extension Centres.

Minimum Educational qualifications for the post of Junior Consultant:

Second-class Diploma in any branch of Engineering or Technology, preferably with one-year experience in community development/rural development related work.

Or

Second-class Bachelor's degree in any discipline with one-year experience in Industry/Rural Development/Community Development work.

8.5 Guest Trainers (preferably retired persons):

- i. To impart training at the designated place.
- ii. To maintain record of trainees.
- iii. To obtain feedback from passed-out trainees

Minimum Educational qualifications for the post of Guest Trainers:

- i. Person should possess the competency/skill required for imparting training programs in the concerned field.
- ii. ITI pass or NSQF level III certification or undergone training programme from some recognized institution under State/Central Government or under the Scheme of Community Development through Polytechnics or other equivalent training programme in related area of imparting training.

8.6 Selection of Project Staff:

The project staff shall be selected by the committee comprising of Principal/Director of the identified institutions, concerned RD, RDSDE and Director, State Directorate of Technical Education of the concerned State/UT.

8.7 Selection of Internal Part-time Staff:

Staff required at various levels shall be taken from the teaching and supporting staff of the institute. However, while selecting the staff it should be ensured that they possess the competency required for instructional and extension activities. In order that adequate numbers of people are available for this work they shall be trained through planned staff development programs. The selection of internal part-time staff shall be made by the Principal/Director of the institute. The principal may form a dynamic team of faculty members with suitable competencies.

Chapter IX
ROLES OF VARIOUS AGENCIES

9.1 State Governments:

- i. To provide administrative support by appropriate orders wherever necessary to the Scheme of Community Development through Polytechnics, so as to ensure that the scheme is implemented effectively.
- ii. To facilitate engagement of contractual staff purely on temporary basis and to ensure that skill training programmes are rotated in such a manner that there is a clear time gap of at least six months between the two programmes of the same trade.
- iii. To conduct the evaluation of all passed out or trained persons by appointing appropriate and competent examiners of all the trades.
- iv. Release of grant as per instructions of the Ministry of Finance from time to time.
- v. To facilitate quick disposal of all the purchase files pertaining to the scheme of community development.
- vi. To review the scheme at the State level and take remedial measures wherever necessary, through the mechanism of State level review Committee.
- vii. To help establish and maintain liaison with other departments dealing with rural development and to assist the project implementing institutions for taking up projects in collaboration with them.
- viii. To extend various facilities required for implementing the Scheme of Community Development through Polytechnics at the institutes and Extension Centres which will include:
 - (a) Physical Resources i.e. building, space, equipment lab workshops and library etc.
 - (b) Human Resources: Suitable faculty and other staff required for conducting various activities continuously.
- ix. In order to have total involvement of staff and faculty, the CDTP activities may be made mandatory for all the staff members in the polytechnics where the scheme is implemented.
- x. In order to ensure intensive involvement of the final year students of the polytechnics, the projects/practical's may be devised in such a way that these students are able to take live projects in rural areas during their course of study.
- xi. To institute Awards and Prizes for the best project work in rural development to encourage and motivate students to take up more innovative projects.
- xii. State government shall facilitate payment of honorarium to the polytechnic internal project staff as per provisions of the CDTP scheme.

- xiii. State government shall initiate immediate disciplinary action against such functionary who indulges in financial irregularities and/or misuse of power under the scheme.

9.2 Regional Directorate of Skill Development and Entrepreneurship (RDSDEs):

The RDSDEs will have the following roles in the effective implementation of the Scheme of Community Polytechnics.

- i. The RDSDEs at different States shall help project implementation institutions in their States for proper planning and implementation of the scheme.
- ii. They shall analyze and propose solutions to problems encountered in planning and implementation of the programs for community development.
- iii. They shall monitor the Scheme of Community Development through Polytechnics at the State level.
- iv. They shall assist institutes covered under the Scheme of Community Development through Polytechnics in the preparation of Annual Operational Plan.

Chapter X

COLLABORATION AND LINKAGES WITH OTHER AGENCIES

- 10.1 The gigantic task under the Scheme of Community Development through Polytechnics cannot be implemented in isolation. Coordination, collaboration and linkages with other agencies involved in rural development and allied activities are highly desirable and for this purpose polytechnic staff and students, village youth, local NGOs, Voluntary Organizations and other Govt. Agencies are needed to be involved at different stages of the implementation of the scheme.
- 10.2 The pre-requisite for having an effective collaboration with other agencies is (i) willingness to information sharing (ii) commitment to the task (iii) credibility (iv) good rapport with people and agencies and (v) good delivery capability and mechanism. It also depends upon:
- Nature of Scheme/programme of the collaborating agencies.
 - Strength of the Polytechnics.
 - Credibility of the Polytechnics and their resources.
 - Funding sources and agencies.
 - Rapport and liaison
 - Past experience and achievements
 - Policy directive from State/Central Governments
- 10.3 The identified institutes should collaborate with DRDA, Zila Parishads, Banks, DIC, KVIC and NGOs, Vocational schools, KVKs, Village Panchayats, SHGs, Watershed Development Society, village development societies/committees etc. in implementing this scheme.
- 10.4 **National Institute of Open Schooling (NIOS):**
- Collaboration with NIOS to impart technical/vocational skill training must be established for mutual advantage. Such linkages will help in curriculum design for vocational courses, conduct of courses in far-flung and remote areas covering a large number of target population, pooling of resources leading to their optimization.
- 10.5 **Krishi Vigyan Kendras (KVKs):**
- Krishi Vigyan Kendras (KVKs), an integral part of the National Agricultural Research Scheme, are the grass-root level vocational training institutions designed for bridging the gap between the available technologies at one end and their application for increased production on the other. The identified polytechnics shall establish close linkages for collaboration with KVKs. Probable linkages with KVKs are:
- Forging administrative linkages at the National level.
 - Forging functional linkages with KVKs at local level.
 - Exchange of faculty between KVKs and the identified institute.

- d. Taking up joint projects for integrated rural development so as to make a visible impact.
- e. Sharing of resources and infrastructure by these institutions.
- f. Organizing joint meetings/workshops/seminars.
- g. Availing services of Krishi Vigyan Kendras for imparting skills and promoting self-employment in agro based and allied industries.

10.5 **Vocational Education:**

Appropriate linkages with the vocational and pre-vocational schools may be established. The identified institutes shall extend workshop, laboratories and training facilities to vocational students. Vocational schools possessing experience and credibility in the areas of education and training shall be actively involved for appropriate linkages with the Scheme, particularly in the areas of conducting need assessment surveys, identification of beneficiaries, curriculum development and evaluation.

10.6 **Industry-Institute Interaction:**

It is very important that Industry should be involved by the identified polytechnics in skill development programs as well as in adopting of appropriate technologies. Some industrial units may be approached and requested to work with the identified institutes for technology popularization and promoting self-employment.

10.7 **Involvement of NGOs, Village Panchayats and Retired Professionals:**

NGOs, Village Panchayats and Retired Professionals of locality may be involved in the planning and operation of the scheme such as in identification of training areas, target groups, identification of technical and training needs of the villagers. They may also be approached for the purpose of rapport building and for creating awareness among the community regarding the Scheme of Community Development through Polytechnics so that they could reap maximum benefits from the scheme.

10.8 **Linkages with Other Development Programs and Schemes:**

As far as possible, the programs and activities of the identified polytechnics may be integrated with other developmental schemes of Central/State Governments being run in the locality.

10.9 **Linkages with Research Institutes:**

Linkages with DST, ICAR, CSIR, Research Institutes, KVIC etc. need to be forged.

Annexure-A

SUGGESTIVE LIST OF NEED ASSESMENT SURVEYS

1. Conduct of PRA/RRA exercises for needs assessment and village level micro-planning
2. Socio – economic survey
3. Manpower need survey
4. Job potential survey
5. Technological status survey
6. Drinking Water Problem survey
7. Energy need survey
8. Impact Studies of ongoing developmental projects
9. Street children survey
10. Disability prevalence survey
11. Destitute women survey
12. Environment Impact Study

Annexure-B1

SUGGESTIVE LIST OF SKILL DEVELOPMENT TRAINING PROGRAMMES

181. Lighting assistant
182. Macrame
183. Massage Therapist
184. Mehendi maker (Kundan,
colour)
185. Midwifery Assistant
186. Modern office management
187. Mukesh Fardi Kadhai
188. Nylon Rope Making
189. Nylon/ Coir Making
190. Office Automation
191. Orchid flower cultivation
192. Packer
193. Pain Balm Making
194. Papad/Potato Chips
making/Mangori making
195. Paper Machie Work

- | | |
|--|--|
| 196. Paper Plate/ Paper cup /
Cotton bag making | 218. Security Guard (Personal &
Industrial) |
| 197. Pashmina Work | 219. Sericulture |
| 198. Pathology Technician/Helper | 220. Shawl/Sozni Work |
| 199. Pearl ornament Making | 221. Solar equipment mechanic |
| 200. Pharmacy assistant | 222. Solid/ clay modeling |
| 201. Photography and Videography | 223. Soya Products making |
| 202. Pickle/Murraba making | 224. Spectacle making |
| 203. Plastic wire bag making | 225. Stationery and Envelop Making |
| 204. Pottery/ceramic work | 226. Stenography |
| 205. Punjabi Typing | 227. Stone Sculpture |
| 206. PVC Product Making | 228. Suitcase making |
| 207. Quilt Making | 229. Talcum Powder Manufacturing |
| 208. Readymade Garments/ Carry
bag making. | 230. Textile Designing |
| 209. Rexin Bag making | 231. Tie and Dye |
| 210. Rubber and Plastic Product
Making | 232. Tilla, Crewel, Sozni Work,
Willow, Basket making |
| 211. Rubber tapping | 233. Tourist Guide |
| 212. Salesmanship training | 234. Umbrella Making |
| 213. Saree embroidery | 235. Vaseline Manufacturing |
| 214. Screen Printing | 236. Waiter/ Steward |
| 215. Sea shell article making | 237. Wood Carving |
| 216. Sealing Wax Making | 238. Wood work/Photo framing |
| 217. Seaweed cultivation | 239. Zari-Zardozi |

Annexure B2

S. No	Name of Courses	NSQF Level
1	Assistant Dress Maker	2
2	Assistant Textile Printer	2
3	Assistant Hand Embroider –(Phulkari / Chickankari / Kashmiri / Zari Zardozi / Kantha)	2
4	Assistant Welder & Fabricator	2
5	Assistant Computer Operator	3
6	Helper- Electrical Technician	2
7	Helper-Wireman	2
8	Assistant- Fruits and Vegetable Processing and Preservation	2
9	Assistant - Plumbing and Sanitary Work	2
10	Beauty Care Assistant	2
11	Helper- Two/ Three Wheeler Mechanic	2
12	Assistant Carpet Weaver- Knotted	2
13	Assistant Artisan- Bamboo Craft	2
14	Assistant-Jute Craft Product Maker	2
15	Domestic Care Attendant	2

Annexure B3

SNo	Name of Courses	NSQF Level
1	Makhana Grower Cum Processor	4
2	Inlay Artisan (Metalware)	4
3	Essential Oil Extractor	3
4	Green house fitter	4
5	Greenhouse Installer	4
6	Micro irrigation technician	4
7	Drone Service Technician	4
8	Pesticide & Fertilizer Applicator	4
9	Tufting Gun Master (Carpets)	4
10	GH Operator	3
11	Combine Harvester Machine Operator	4
12	Power Tiller Operator	4
13	Artificial Insemination Technician	4
14	Hatchery production worker	3
15	Shrimp farmer	4
16	Sericulturist	3
17	Soil & Water Testing Lab Assistant	4
18	Soil Sampler/Collector	3

Annexure-C

SUGGESTIVE LIST FOR DISSEMINATION AND APPLICATION OF APPROPRIATE TECHNOLOGIES

Rural Energy Devices

- | | |
|---|--|
| 1. Bamboo Cold Storage for Fruits and Vegetable | 8. Gunny bag Biogas Plant |
| 2. Biogas Plant (Individual) | 9. Incinerators |
| 3. Biomass Gasifier | 10. KVIC Biogas Plant |
| 4. Community Biogas Plant | 11. Leak proof Roto Moulded Polyethylene Biogas Dome |
| 5. Deen Bandhu Biogas Plant | 12. Micro hydel plant |
| 6. Electronic Tube Light/CFL | 13. Night Soil Biogas Plant |
| 7. FRP Biogas Plant | 14. Rural Refrigerator |

Solar Energy Devices

- | | |
|---|--|
| 15. Alternate fuel for transportation | 26. Solar Lighting System |
| 16. Pedal Power Cycle Battery | 27. Solar Paper Drier |
| 17. Pedal Power Cycle Pump | 28. Solar Power Pack |
| 18. Solar Cooker (Box Type) | 29. Solar Still/Sterilizer |
| 19. Solar Cooker (Dish Type) | 30. Solar Street Light |
| 20. Solar Drier for Drying Fish | 31. Solar Timber Seasoning Plant |
| 21. Solar Dryer for Drying Agro Produce | 32. Solar Torch |
| 22. Solar Furnace | 33. Solar transistor |
| 23. Solar Ice making | 34. Solar water heater |
| 24. Solar Inverter | 35. Solar Water Heating with Heat Exchanger and Pump |
| 25. Solar Lantern | 36. Solar water pump |

Wind/Water Energy

- | | |
|------------------------------|-------------------------|
| 37. Aero-Generator | 39. Water Mill |
| 38. MP-2 Sail Type Wind Mill | 40. Wind Mill Pump Unit |

Cook Stove/Cooker

- | | |
|------------------------------------|---------------------------------|
| 41. Bati Cooker | 46. Moulds for Smokeless Chulha |
| 42. Community Type Chulha | 47. Portable Chulha |
| 43. Double Drum Stove | 48. Smokeless Chulha |
| 44. High Altitude Smokeless Chulha | 49. Steam Jacketed Cooker |
| 45. Improved Efficiency Cook Stove | 50. Steel Smokeless Stove |

Rural Housing Brick/Block Making

- | | |
|---------------------------------|---|
| 51. Bench Moulding Table | 62. Pre-cast poles for street lighting |
| 52. Brick Moulding Machine | 63. Rat trap bond for wall construction |
| 53. Briquette Making Machine | 64. Sand siever motorized |
| 54. Cube/Beam/Cylindrical Mould | 65. Semi-automatic distempering machine |
| 55. Fly Ash Bricks | 66. Soil Stabilized Blocks |
| 56. Hollow Bricks | 67. Solid Concrete Blocks |
| 57. Hollow Concrete Brick | 68. Stone Masonry Blocks |
| 58. Non erodible mud plaster | 69. Sun Dried Mud Blocks |
| 59. Plinth protection for walls | |
| 60. Pre-cast jalties | |
| 61. Pre-cast paving blocks | |

Ferro cement Technology

- | | |
|--|---------------------------------------|
| 70. Ferro Cement Bio Gas Units | 74. Ferro Cement Pre-Cast Shelves |
| 71. Ferro Cement Flower Pot | 75. Ferro Cement Roofing Vests |
| 72. Ferro Cement Grain Storage Bin | 76. Ferro Cement/Pre-Cast Tree Guards |
| 73. Ferro Cement Posts for Boundary Wall | 77. Ferro cement Garbage Bin |

Doors & Windows

- | | |
|--|---|
| 78. Bituminous Varnish/Emulsion | 81. Low Cost Paints for preservation of Doors & Windows |
| 79. Frameless Shutter | 82. Precast Lintel cum Chajja |
| 80. Low Cost Doors, Windows and Fixtures (i.e. from Tin Sheet, Ferro cement, Cheap Wood, Cement reinforced with Gunny and Bamboo etc.) | 83. Pre-fabricated Timber Hut |
| | 84. RCC Frames for Doors and Windows |

Roofing

- | | |
|---|--|
| 85. Asphatic Bitumen Sheet Roofing | 91. Funicular shell roofing |
| 86. Cement containing Binder from Rice Husk | 92. Geodesic Dome |
| 87. Corrugated Roofing Sheets from Coil Fibre/Wood Work | 93. L-Plan Roofing |
| 88. Ferro cement Walls and Roofs | 94. Micro concrete roof tiles |
| 89. Fibre Cement Corrugated Roof Sheet | 95. Plain Concrete Roofing Tiles |
| 90. Fire Retardant and Water Repellent Thatched Roof | 96. Plank and joist roofing |
| | 97. Roofing from Coal Tar Container Sheets |
| | 98. Slate Roofing |
| | 99. Waste Tin Roofing |

Rural Water Supply

- | | |
|--------------------------------------|----------------------------|
| 100. Ferro cement Water Storage Tank | 103. Rain Water Harvesting |
| 101. Ground Water Recharging | 104. Water Testing |
| 102. Low Cost Water Filter (Candle) | 105. Water Treatment |

Rural Sanitation

- | | |
|---|---|
| 106. Fibre Reinforced Plastic (FRP) Household Goods | 110. Pit Latrine |
| 107. FRP Sanitary Wares | 111. Precast Ferro cement Rural Latrine |
| 108. Low Cost Septic Tank | 112. Precast septic tank |
| 109. Low Cost Soakage Pit | |

Rural Wastes Disposal & Treatment

- | | |
|---|---|
| 113. Drainage Channel | 116. Low Cost Kitchen Waste Water Disposal System |
| 114. Duckweed based Waste Water Treatment | 117. Wetland Technology for Sullage Treatment |
| 115. Low Cost Kitchen Sink and Wash Basin | |

Textile

- | | |
|--|---|
| 118. Auto Silk Rearing | 125. Hand Mercerizing |
| 119. Weaving Baluchari saree by CAD internet | 126. Hand Operated Cheese Winding |
| 120. Coir spinning | 127. Pedal operated cheese winding |
| 121. Computer Aided Fabric Design | 128. Pedal Operated Feeler less Prim Winder |
| 122. Continuous Warp Sizing on Handloom | 129. Pedal Operated Rooter Spinning/Winding |
| 123. Conversion of Plan over Pick | 130. Spun Silk Silver Firmer |
| 124. Fixtures for Coil Production | 131. Thermal Bonding Machine |
| 132. Wooden Carpet Weaving Loom | |

Agro-Based

- | | |
|---|---------------------------------|
| 133. Azolla cultivation | 143. Curd Churning Machine |
| 134. Ball Bearing Type Hand operated Chakki | 144. Herbal Plants Cultivation |
| 135. Biofuels | 145. Honey Extractor |
| 136. Bonsai | 146. Improved Bee Rearing Boxes |
| 137. Cattle Feed Trough | 147. Leaf Cup Making Machine |
| 138. Charcoal making | 148. Milk Churning Machine |
| 139. Chips Cutter | 149. Motorized Potter's Wheel |
| 140. Chirwa Machine | 150. Mushroom cultivation |
| 141. Coir fibre separating machine | 151. Papad Making Machine |
| 142. Cotton picking machine | 152. Plant Protector |

- 153. Processing of Medicinal and Aromatic Plants
- 154. Rope Making
- 155. Sisal Fibre Extraction

- 156. Soil Conservation Techniques
- 157. Vanilla cultivation
- 158. Vegetable Cutting Machine

Fertilizer/Pesticides

- 159. Fertilizer Seed Drill
- 160. Hand operated fertilizer spreader
- 161. NADEP Compost

- 162. Organic Pesticides/Insecticides
- 163. Vermiculture

Field Preparation & Sowing

- 164. Bio Fertilizer
- 165. Bullock Operated Seed Drill
- 166. Clay pot irrigation
- 167. Disc Harrow
- 168. Drip Irrigation
- 169. Hand Wheel Harrow
- 170. Improved Furrow Opener
- 171. Improved Ploughs (Bullock Drawn/Tractor Drawn)
- 172. Intercultural Cultivator
- 173. Manually Operated Rice Trans planter

- 174. Mechanical Soya Bean Seeder
- 175. Organic farming
- 176. Paddy Trans planter (Manually Operated)
- 177. Pulverizing Roller
- 178. Ridge Former
- 179. Seed cum Fertilizer Drill
- 180. Shoe type Furrow Opener
- 181. Soil Peddler
- 182. Water lifting wheel

Harvesting

- 183. Bullock Operated Harvester
- 184. Improved Sickles
- 185. Paddy Harvester

- 186. Potato Digger (Animal Drawn)
- 187. Reaper

Mechanical

- 188. Bullock Cart Steel Frame with Dumper System
- 189. Bullock Cart with Bearing and Break Arrangement
- 190. Bullock Driven Mill
- 191. Bullock/Manually Operated Centrifugal Pump
- 192. Cycle Trailer
- 193. Hand Lorries for Fisherman
- 194. Hand Operated Booster Pump
- 195. Hand Operated Washing Machine

- 196. Hand Trolley
- 197. Hydraulic Ram
- 198. Inertia Pump
- 199. Low Lift Pump
- 200. Mixie (Hand Operated)
- 201. Multi-purpose Wood Working Devices
- 202. Pedal Operated Reciprocating Pump
- 203. Pedal/Manually Operated Centrifugal Pump
- 204. Pneumatic furnace

205. Pulley with Ball Bearing

206. Tabular Furniture

Post Harvesting

207. Aeronaut Dehusker

208. Cashew juicer

209. Cashew nut Decorticator

210. Dehusking Machine

211. Electricity Operated Paddy
Thresher

212. Ferro cement Grain Storage Bin

213. Groundnut Decorticator

214. Hand Maize Sheller

215. Hand Operated Double Screen,
Grain Screener

216. Low Cost Potato Cold Storage

217. Mini Dal Mill

218. Pedal Operated Paddy Thresher

219. Rice husk burner

220. Rice Puffing Machine

221. Sugarcane Crusher

222. Tubular Maize Sheller

223. Winnowing Fan (Pedal Operated)

Other Technologies

224. Beekeeping

225. Beekeeping using coconut shells

226. Coconut Tree Climbing Device

227. Coconut Dehusker

228. Fish Breeding

229. Gem cutting and polishing
machine

230. Glass cutting and polishing
machine

231. Motorized potter wheel

232. Paper quilling

Annexure-D
SUGGESTIVE LIST OF TECHNICAL AND SUPPORT SERVICES

Agricultural

- | | |
|--|---|
| 1. Repair and maintenance of agricultural implements | 5. Repair and maintenance of Tube wells |
| 2. Repair and Maintenance of Diesel Engines | 6. Repair of Sprayer and dusters |
| 3. Repair and Maintenance of Electric Motors and Pumps | 7. Repair of Tractors |
| 4. Repair and maintenance of Hand Pumps | 8. Soil Testing |
| | 9. Water Testing |

Household Appliances

- | | |
|---|--|
| 10. Electrical motor winding and repair | 18. Repair and maintenance of Scooter and mopeds |
| 11. Plumbing work | 19. Repair and maintenance of type writer |
| 12. Repair and maintenance of Computer | 20. Repair of Furniture and Carpentry items |
| 13. Repair and maintenance of electrical gadgets | 21. Repair of House Wiring |
| 14. Repair and maintenance of four wheeler | 22. Repair of Refrigerator and water coolers |
| 15. Repair and maintenance of house hold appliances | 23. Repair of TV and Radio |
| 16. Repair and maintenance of non-conventional energy sources devices | 24. Sewing, knitting and weaving machine repair |
| 17. Repair and maintenance of rural latrines | 25. Welding jobs and repair |
| | 26. Repair and Maintenance of Loom, Machines |

Others (Miscellaneous)

- | | |
|-------------------------------|--|
| 27. Low cost Housing | 30. Repair and Maintenance of Building |
| 28. Recharging of Wells/Ponds | 31. Village Sanitation |
| 29. Reconstruction of Wells | |

Annexure-E
SUGGESTIVE LIST OF AWARENESS CAMPS

- | | |
|---|--|
| 1. AIDS awareness | 17. Health & Sanitation |
| 2. Air pollution checking camps | 18. Irrigation Technologies |
| 3. Animal health camps | 19. Legal literacy |
| 4. Anti-alcohol and tobacco awareness | 20. Low cost Housing |
| 5. Awareness against drug addiction | 21. Manufacturing Industries |
| 6. Awareness of Government Schemes | 22. Marketing |
| 7. Awareness on electrical hazards and their prevention | 23. Mass/Adult education/Adult literacy |
| 8. Camps against use of pan masala | 24. Mother and infant care |
| 9. Crop diversification | 25. Non-Conventional Energy appliances |
| 10. Disaster management | 26. Organic Farming |
| 11. Earthquake Risk Management | 27. Promotion of clean Environment |
| 12. Emerging Technologies in Agriculture | 28. Rural Industries |
| 13. Energy Conservation | 29. Rural Transport |
| 14. Eradication of superstition/ill-belief | 30. Self-Employment and Entrepreneurship |
| 15. Fishery | 31. Skill development |
| 16. Green and Renewable Energy | 32. Skill Development and Training |
| | 33. Traffic rules awareness |
| | 34. Water Management |

Health & Sanitation

NOTE: Awareness about issues of importance to public at large shall be generated by way of distribution of booklets/pamphlets, exhibition and demonstration, special extension lectures, film shows and publicity and awareness camps.

Annexure-F1
State-wise Breakup of Polytechnics
Implementing the Scheme for Community Development Through Polytechnics [CDTP]

North

NCT OF DELHI	
1.	Aryabhat Polytechnic, GT Karnal Road, New Delhi – 110033
2.	Meera Bai Polytechnic, Maharanibagh, Ashram, New Delhi – 110065
3.	Kasturba Polytechnic for Women, Muni Maya Ram Marg, Pitampura, New Delhi – 110088
4.	Chhotu Ram Rural Institute of Technology, Kanjhawala (Ghevra), Distt North West, New Delhi–110081 {Pvt.}
5.	Fr. Agnel Polytechnic, Gautam Nagar, Opp. Niti Bagh, New Delhi – 110049 {Pvt.}
6.	Guru Nanak Dev Polytechnic {Old Name Guru Nanak Polytechnic}, Sector - 15, Rohini, New Delhi – 110089
HARYANA	
7.	Govt. Polytechnic, Nilokheri, Karnal, Haryana -132117
8.	Govt. Polytechnic, Ambala City, Haryana – 134003
9.	Govt. Polytechnic for Women, Sirsa, Haryana – 125055
10.	Vaish Technical Institute, Rohtak, Haryana – 124001 {Aided}
11.	Kalpna Chawla Govt. Polytechnic for Women {Old Name Govt. Polytechnic for Women}, Ambala City, Haryana – 134003
12.	Seth Jai Parkash Polytechnic, Damla, Yamunanagar, Haryana – 135001 {Aided}
13.	Chhotu Ram Polytechnic, Model Town, Rohtak, Haryana – 124001 {Aided}
14.	BKN Govt. Polytechnic, Narnaul, Mohindergarh, Haryana – 123001
15.	Govt. Polytechnic {Old Name/District Faridabad}, Uttawar, Teh. Hathin, Distt. Palwal, Haryana – 121103
16.	Govt. Polytechnic, Hissar {Old Name Govt. Institute of Engineering & Tech.}, Haryana – 125001
17.	Govt. Polytechnic, Rania Road, Sirsa, Haryana - 125055
18.	Govt. Polytechnic {Old Name Govt. Institute of Engineering}, Rathdhana Road, Sonapat, Haryana – 131001
19.	BPS Mahila Polytechnic, Kanya Gurukul, Khanpur Kalan, Sonapat, Haryana – 131305
20.	Govt. Polytechnic, Mandi Adampur, Hissar, Haryana – 125052
21.	Govt. Polytechnic, Jhajjar, Haryana – 124103
22.	Govt. Polytechnic for Women, Sector - VIII, Faridabad, Haryana - 121006
HIMACHAL PRADESH	
23.	Govt. Polytechnic, Sundernagar, Mandi, Himachal Pradesh – 174401
24.	Govt. Polytechnic, Hamirpur, Himachal Pradesh – 177030
25.	Govt. Polytechnic for Women, Kandaghat, Solan, Himachal Pradesh – 173215
26.	Govt. Polytechnic, Rohru, Shimla, Himachal Pradesh – 171207
27.	Govt. Polytechnic, Dharamsala Road, Kangra, Himachal Pradesh – 176001
28.	Dr. B.R. Ambedkar Govt. Polytechnic, Gagret, Ambota, Una, Himachal Pradesh – 177205
JAMMU & KASHMIR	
29.	Kashmir Govt. Polytechnic, Gogji Bagh, Srinagar, Kashmir - 190008
30.	Govt. Polytechnic {Old Name Govt Polytechnic (Boys)}, Bikram Chowk, Jammu – 180004

31.	Govt. Polytechnic for Women, Near AG Office, Lower Shiv Nagar, Jammu – 180001
32.	Govt. Polytechnic for Women, Bemina, Srinagar, Kashmir – 190010
33.	Kalamkari Centre Society Vocation Oriented Women's Polytechnic, Paloura, Jammu – 181121 {Pvt.}
34.	Kite Polytechnic, Vawoosa, Rangreth, Distt: Budgam, Kashmir – 190007 {Pvt.}
35.	North Polytechnic {Old Name National Polytechnic}, Purkhoo Camp, Domana, Jammu –181206 {Pvt.}
36.	SSM Polytechnic, Divar, Parihaspora, Pattan, Baramula, Kashmir – 193121 {Pvt.}
37.	Masterpro Institute of Technology, Nowgam Bye Pass Road, PO Box No. 668, Srinagar, Kashmir – 190001 {Pvt.}
38.	Institute of Engg. & Computer Sciences, Purkhoo Camp, Domana, Jammu (Tawi) – 180206 {Pvt.}
39.	NITS Polytechnic {Old Name National Institute of Tech. & Science}, Indira Nagar, Miran Sahib, Jammu – 181101 {Pvt.}
	PUNJAB
40.	Ramgarhia Polytechnic College, P.O. Satnampura, Phagwara, Kapurthala, Punjab - 144402 {Aided}
41.	JR Govt. Polytechnic, Hoshiarpur, Punjab – 146001
42.	Mehr Chand Polytechnic College, Dayanand Nagar, GT Road, Jalandhar City, Jalandhar, Punjab – 144008 {Aided}
43.	Guru Nanak Dev Polytechnic College, Gill Park Ludhiana, Punjab – 141006 {Aided}
44.	Govt. Polytechnic College, Bathinda, Punjab – 151001
45.	Govt. Polytechnic College for Girls {Old Name Govt. Polytechnic for Women}, Ladhawali Road, Jalandhar, Punjab – 144001
46.	Govt. Polytechnic College for Girls {Old Name Govt. Polytechnic for Women}, S.S.T Nagar, Patiala, Punjab – 147001
47.	Govt. Polytechnic College, Dulchi Ke Road, Ferozepur, Punjab – 152002
48.	Govt. Polytechnic, PO: R&S Mills, Amritsar, Punjab - 143104
49.	Sai Polytechnic College, Badhani, Pathankot, Gurudaspur, Punjab – 145001 {Pvt.}
50.	Govt. Polytechnic College, Kharar, Khunnimajra, Mohali, Punjab – 140301
51.	SRS Govt. Polytechnic College for Girls {Old Name Govt. Polytechnic for Girls/Women}, Rishi Nagar, Chotti Haibowal, Ludhiana, Punjab – 141001
52.	Govt. Institute of Textile Chemistry & Knitting Technology, Rishi Nagar, Ludhiana, Punjab – 141001
53.	Baba Isher Singh Polytechnic College, PO: Kot-Ise-Khan, Dharamkot RD., Distt: Moga, Punjab – 142043 {Pvt.}
54.	Govt. Polytechnic College for Girls {Old Name Govt. Polytechnic for Women}, Majitha Road, Amritsar, Punjab - 143001
55.	Government Institute of Leather & Footwear Technology, {Old Name Govt. Tanning Institute}, Nakodar Road, Jalandhar, Punjab - 144001
56.	Govt. Polytechnic College, Kahnuwan Road, Batala, Gurdaspur, Punjab – 143506
57.	Baba Hira Singh Bhattal Institute of Engineering and Technology(Polytechnic Wing), {Old Name Govt. Polytechnic,Lehragaga}, Lehragaga, Distt: Sangrur, Punjab – 148031
58.	Govt. Institute of Garment Technology, Bye Pass, Majitha Road, Amritsar, Punjab – 143001
	CHANDIGARH
59.	Govt. Polytechnic for Women, Sector – 10, Chandigarh – 160010
60.	Chandigarh College of Engineering & Technology {Old Name Central Polytechnic}, Sector – 26, Chandigarh – 160019

	RAJASTHAN
61.	Govt. Polytechnic College, Shivbari Road, Bikaner, Rajasthan – 334003
62.	Govt. Polytechnic College, Makhupura, Nasirabad Road, Ajmer, Rajasthan – 305002
63.	Govt. Polytechnic College, Jallipa Cantt., Barmer, Rajasthan – 344001
64.	Govt. Women's Polytechnic College, Gandhi Nagar, Jaipur, Rajasthan – 302015
65.	Govt. Polytechnic College, Alwar, Rajasthan – 301001
66.	Govt. Residential Women's Polytechnic, Residency Road, Jodhpur, Rajasthan – 342032
67.	Govt. Women's Polytechnic College, JN Viyas Colony, Bikaner, Rajasthan – 334003
68.	Ch. Maloo Ram Bhambhu Govt. Polytechnic College, Sri Ganganagar, Rajasthan – 335001
69.	Govt. Polytechnic College, Senth, Chittorgarh, Rajasthan – 312025
70.	Govt. Polytechnic College, Near KV, Sawai Madhopur, Rajasthan – 322001
71.	Govt. Polytechnic College, Sumerpur Road, NH No. 14, Pali, Rajasthan – 306401
72.	Govt. Women's Polytechnic College, Near Cotton Mills, Pratap Ngr., Udaipur, Rajasthan – 313001
73.	Govt. Women's Polytechnic College, Makhupura, Ajmer, Rajasthan - 305008
74.	Govt. Women Polytechnic College, Vigyan Nagar, Kota, Rajasthan - 324005
75.	Govt. Polytechnic College, Gourav Path, Jodhpur, Rajasthan - 342011
76.	Vidya Bhawan Polytechnic College, Badgaon Road, Udaipur, Rajasthan - 313004
77.	Sh. Gokulbhai Bhatt Govt. Polytechnic College, Sirohi, Rajasthan – 307001
78.	Shri Gokul Varma Govt. Polytechnic College {Old Name Govt. Polytechnic, Bharatpur}, Nr Dalmia Dairy, Bharatpur, Rajasthan – 321001
79.	Govt. Ram Chandra Khaitan Polytechnic College, Doonghri Jhalana, Jaipur, Rajasthan – 302004
	UTTAR PRADESH
80.	Feroze Gandhi Polytechnic, Rae Bareli, Uttar Pradesh – 229001 {Aided}
81.	Lucknow Polytechnic, Kanpur Road, Krishna Nagar, Lucknow, Uttar Pradesh – 226012 {Aided}
82.	Govt. Polytechnic, Kanth Road, Harthala, Moradabad, Uttar Pradesh – 224001
83.	University Polytechnic, Aligarh Muslim University, Aligarh, Uttar Pradesh – 202002
84.	Govt. Polytechnic, Jhansi, Uttar Pradesh – 284003
85.	Govt. Polytechnic {Old Name/Address GT Road Kalyanpur}, GT Road, Vikas Nagar, Near Gurudeo Palace, Kanpur Nagar, Uttar Pradesh – 208002
86.	Govt. Polytechnic, D Block Shastri Nagar, Hapur Road, Ghaziabad, Uttar Pradesh – 201002
87.	Govt. Polytechnic, Utraula Rd., Babhni Kanoongo, Gonda, Uttar Pradesh – 271001
88.	Town Polytechnic, Tikham Pur, Ballia, Uttar Pradesh – 277001 {Aided}
89.	Govt. Polytechnic, Barrage Road, Bijnore, Uttar Pradesh – 246701
90.	Govt. Polytechnic, Bhingra Road Barabanki, Uttar Pradesh – 225001

91.	Govt. Polytechnic, Kalpipara, Bhinga Rd., Bahraich, Uttar Pradesh – 271801

**SPECIMEN OF TERMS & CONDITIONS FOR ENGAGING PERSONS
ON CONTRACT BASIS UNDER THE SCHEME OF COMMUNITY DEVELOPMENT THROUGH
POLYTECHNICS**

This agreement is made on this _____ day of _____, 20___, BETWEEN Shri/Smt. _____, holding charge as Principal _____(give full name & address of Polytechnic where contract staff is being hired), hereinafter referred to as the **1st Party**, which expression shall wherever the context so permit include the successors and persons holding charge as Principal AND Mr./Ms. _____, Son/Wife/Daughter of _____, aged _____, residing at _____, hereinafter referred to as the **2nd Party**.

Whereas on the basis of the selection test/interview held on _____ (date), at _____ (place) for the project related position of _____ purely on contract basis, the 2nd party has been selected and is hereby offered the position of _____, on contract with an activity fee of _____ per month, under the Plan Project of Community Development Through Polytechnics, approved by competent authority for implementation in _____(year).

TERMS OF CONTRACT:

1. The appointment is purely on contract basis for the project as approved for implementation in the Polytechnic in the current year and this appointment is only for the project work. The appointee, therefore, does not hold any kind of employment in the Institute other than on contract basis and nor will have any claim on any other post(s) or benefits in the Institute.
2. The position carries a fixed activity fee, as stated above, to be paid to the appointee as compensation which includes all contributions such as PF etc. The 2nd party would be paid the activities fee as above at the end of each month, calculated on daily basis for each working day for the number of days the appointee has actually worked.
3. The 2nd party will carry out all the duties assigned to him/her by the 1st Party, in the premises of the 1st party or at any of its extension centres and locations decided by the 1st party and that the 2nd party shall perform the work assigned to him/her to the fullest satisfaction of the 1st party.
4. The contract is for six months from the date of joining the position, on acceptance of the terms of the contract. The contract can be terminated by one-month notice from either side.
5. The appointee will be on trial basis for a period of first two months after his/her engagement on contract, during which if his/her services are not found satisfactory, he/she may be discontinued after giving one week notice.

**PRINCIPAL &
CHIEF PROJECT
COORDINATOR**

Mr./Mrs. _____
Son/Daughter/Wife of _____
